

Palmerton Borough Copper / Lead Survey

Full Name:

Service Address:

Phone Number:

Email:

TO DETERMINE THE MATERIAL OF YOUR WATER SERVICE LINE:

- ✓ Locate the service line pipe as it enters your home from an exterior wall or floor (can be in crawl space or basement)
- ✓ Lightly scratch the pipe with a coin (like a lottery ticket) and check with a magnet

1. Select Pipe Material Type:

LEAD: if the pipe is DULL, SILVER, GRAY COLOR and a coin scratch is SHINY SILVER (IS **NOT** Magnetic)

GALVANIZED: if the pipe is a DULL, SILVER-GRAY COLOR (IS Magnetic)

COPPER: if the pipe and scratch is the color of a PENNY (IS **NOT** Magnetic)

PLASTIC: if the pipe is BLUE, WHITE, or BLACK (IS NOT Magnetic)

I NEED HELP

2. If possible, submit a picture of your service line with the survey.

3. Indicate the size of your service line:

Select the size of your pipe. If you are not sure, please select UNKNOWN.

¾ inch

1 inch

Unknown

Other

4. Service Line Installation Date:

Enter the date, year, or estimated date range when the service line was installed or replaced.
